

A tenant-led campaign

Do you sometimes feel like you are seen as a second-class citizen just because you live in a Council or Housing Association home?

If so – you are not alone!

Research shows that half of social housing tenants feel like they are *stigmatised* - treated differently - because they live in social housing.

One in three feel **embarrassed** to live in social housing.

Half feel that things their landlord does makes them feel *stigmatised*.

You can do something about it!!!
